We are looking for support!  
**INTERNS UI/UX DESIGN (M/W)**

You are studying design and want to gain your first real hand experience in a renowned design studio? We offer you the chance to prove yourself in our design team.

**Your profile**

- Compulsory internship (6 months)
- Study focus in interaction & interface design
- Passion for human-machine-interface topics
- Proficiency in Adobe Suite incl. After Effects + additional prototyping software
- Fundamental knowledge of graphic design - you are not afraid to contribute to a logo design
- Analytical & methodical thinking paired with an interest for design strategy
- German proficiency is an advantage but not necessary
- Motivation, curiosity & high willingness to learn & grow

**We offer**

- Exciting insights into a globally operating design studio
- Contribution and responsibility in real client projects
- Broad spectrum of industries - Transportation, Consumer, Medical, Industry, Graphic ...
- Insights into the cross-development of products & interface/interaction aspects
- Mentoring and support from senior designers
- Young & awesome team - open communication, flat hierarchies and creative spirit
- A modern & inspiring workplace in the heart of Munich next to the English Garden & Isar

Send your application incl. your portfolio (PDF oder Link) to:
